

Jay Manufacturing was established in 1955 and is an industry leading metal fabrication shop. At Jay, we specialize in **custom** metal fabrication that serves clients of all sizes ranging from Fortune 500s to small and mid-sized firms throughout the Midwest. Our products can be found in anything from military vehicles and agricultural machinery to printing presses and fire and rescue equipment. We're happy to serve all industries but proud to support the industries that make a difference in our world. Jay Manufacturing is an ISO 9001:2008 Certified/Registered organization and is an Equal Opportunity Employer.

At Jay Manufacturing we treat our employees like family and our competitive wages and extraordinarily comprehensive benefit package prove it! Included in the Jay benefit package are the following:

- Medical, Dental and Vision insurance with minimal out-of-pocket expense and highly competitive premiums.
- Automatic, Jay-paid Life insurance with the option for you to purchase additional coverage for you and your family.
- Short-Term Disability at no cost to you!
- 401K.
- Paid vacation and holidays.
- Tuition Reimbursement.
- T-Shirts for all of our Production staff so you don't have to worry about wearing out and replacing your clothes.
- A state-of-the-art air conditioned facility.
