GREEN BAY (WLUK) -- The [Northeast Wisconsin Manufacturing Alliance](#) held its third annual "Get Real Math" video premiere at the Meyer Theatre Tuesday.

The event debuts the newest installment of "Get Real Math" videos.

A total of 35 videos were created.

They focus on educating viewers and shining a spotlight on real world math problems on manufacturing companies.

"It's very humbling to know that people enjoy these videos. We're not just doing them just for the sake of doing them, they really see value in them," said director of NEW Manufacturing Alliance, Ann Franz.

FOX 11's own Pete Petoniak was the host for the event.
