

2nd Shift Production Horizontal Machinist

Start your new year off on the right foot!

Are you looking for a new opportunity to start the new year? Have you worked a 2nd shift job before? Are you mechanically inclined, have a great work ethic and a positive can-do attitude? If you do, we have the opportunity for you!

We currently have **2nd shift opportunities** available in our Production Horizontal department with a 3-day weekend every week! Experience running production jobs, doing your own set up and some exposure to programming is preferable, however, we will train the right person with a strong work ethic, the right attitude and a willingness to learn!

A to Z Machine is celebrating 23 years of growth in 2019. We are a job shop that was started by and continues to be led by 4 journeymen machinists and we have grown to almost 150 team members!

Do you get excited about advances in machining and tooling? So do we! Do you have an idea that would make things more efficient? We listen! And we speak your language.

Looking for a place where you can collaborate with, learn from and share knowledge with some of the best machinists in the Fox Valley?

If you have answered yes to all of the questions above, we'd love to talk with you!

To be considered for these great opportunities, please apply online at tozmachine.isolvedhire.com/jobs/

A to Z Machine is an Equal Opportunity Employer.
