

Night Maintenance Technician

About NPS Corp

We're a fast-paced, rapidly growing, motivated corporation. Just what you want your workplace to be, right? Our family-oriented culture and fun atmosphere really set us apart. What other places claim, we live: work hard and play hard in a team-focused environment always looking to grow.

We use the latest machinery in our two divisions: towel & tissue and non-woven. And, we reinvest in our company by providing new equipment, such as sheeters, napkin lines, automated case packers, palletizers, and a variety of other production equipment. It's all about being efficient, safe, and rewarding for our people.

About YOU

- Proficient at using hand tools, portable electric tools, and stationary shop equipment
