

Sandblaster

Company Information

A career with ExacTech is more than just a job. It's a commitment to making an impact. Our team members design and build long lasting machines because each employee is given the opportunity to continuously innovate. We look to our people to come up with the ideas that make all of our products and services better. ExacTech is an indoor metal fabrication shop with a global customer base in large industries including maritime, construction, mining, energy and more. ExacTech is the primary supplier for Marine Travelift and Shuttlelift crane structures, providing steady, in-door work throughout the year.
