**TC Transcontinental Packaging** brings a distinctive blend of Art, Science and Technology to create flexible packaging that preserves our customers' products and accentuates their brands on the store shelf. The Packaging Sector has over 4,000 employees and 25 facilities worldwide specializing in extrusion, lamination, printing and converting of plastic products.

We share the **Ellen MacArthur Foundation's** vision of a circular economy for plastic, where plastic never becomes waste and have committed, by 2025, for 100% of our plastic packaging to be reusable, recyclable or compostable. And most recently, we joined the **United Nations Global Compact** – a voluntary initiative of signatory companies committing to social responsibilities around human rights, labor standards and environmental protection. You will join a high-performing team that is dedicated to sustainability and passionate about our people, operations, communities and products.
