

## **Lead Machine Assembler - 1st Shift - \$20-30/hr - \$4,000 Sign-On Bonus!**

Renco Machine Company - Green Bay, WI

\$20 - \$30 an hour

### **[Apply Now](#)**

Renco Machine Company is a family-owned job shop located in Green Bay and has been dedicated to the precision machining of custom components since its inception in 1963.

We are looking for a Lead Machine Assembler to work under the general direction of the Operations Manager. The Lead Machine Assembler is responsible for assembling machines to match prints supplied by our customers and to help Renco meet customer needs and quality objectives by performing all duties according to work instructions and company policies.

Apply today and enjoy \$50 gas card just for coming to your in-person interview and a \$4,000 bonus when you sign on with Renco Machine.

### **Essential Duties and Responsibilities:**

- Participate in the building of custom ordered machinery
- Check and adjust parts to fit together in machine builds
- Coordinate several prints and projects at the same time
- Check print for accuracy.
- Check the assembly with the print to assure accuracy.
- Operate various hand tools, cranes, and forklifts
- Work with customers on site instruction
- Perform maintenance and preventive maintenance function to equipment.
- Communicate with supervisor and other operators.
- Shot Blast, Sand Blast and Paint finished parts with approved coatings
- Follow work instructions
- Understand and complete tasks related to ISO quality requirements
- Participate in the generation of new ideas to increase quality and productivity through different communication methods
- Strive every day to make our facilities a safer place to work or visit
- Keep work area neat and clean
- Perform all other assigned duties

**Qualifications**

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

**Education and/or Experience**

- High school diploma or equivalent preferred
- Preferably some technical training
- Electrical assembly experience
- Machine shop experience with machine assembly concepts
