Renco Machine Company - Green Bay, WI

\$20 - \$25 an hour

[Apply Now](#)

Renco Machine Company is a family-owned job shop located in Green Bay and has been dedicated to the production of custom components since its inception in 1963. We are currently searching for an experienced 1st shift Welder to join our dedicated team.

Essential Duties and Responsibilities:

- Set up and perform MIG and TIG welding based on customer specifications.
- Work from blueprints, drawings and job routers.
- Conduct in process inspections using a variety of measuring tools to check tolerances.
- Perform precision grinding to remove excess material and prepare parts for weld repair.
- Operate hoists and other lifting equipment.
- Work with appropriate personnel in production control, inspection, supervisors and other employees to maximize quality and productivity.

Education and/or Experience:

- A minimum of 3 years welding experience with a certification in MIG/TIG welding.
- Must possess solid blueprint reading skills, strong math skills, and in-process inspection skills and understand both metric and English measurements.
- Ability to accurately read weld symbols and pass all weld tests.
- Must be able to maintain tolerance to engineering and manufacturing specifications.
- While hoists are provided to assist with lifting, you must be able to occasionally lift and carry up to 50 lbs.
