

Fabricator / Welder, Graetz Mfg.**Date Posted: August 12, 2025****Pay: From \$21.00 per Hour****Job Description:****Overview**

We are seeking a skilled Fabricator/Welder to join our dynamic team. The ideal candidate will be responsible for fabricating and assembling metal structures and components according to specifications. This role requires a strong understanding of welding techniques, blueprint reading, and adherence to safety standards. The Fabricator/Welder will work with various materials, primarily sheet metal, and will utilize equipment such as cranes and rigs to complete projects efficiently.

Duties:

- Read and interpret blueprints and technical drawings to understand project specifications.
- Fabricate and assemble metal components using various welding techniques.
- Operate cranes and rigging equipment safely to move heavy materials during the fabrication process.
- Ensure all work adheres to industry codes and standards for quality and safety.
- Perform soldering tasks as required for specific projects.
- Maintain a clean and organized work environment while adhering to safety protocols.
- Collaborate with team members to meet project deadlines and specifications.

Qualifications:

- Proven experience in welding and fabrication, particularly with sheet metal.
- Knowledge of welding codes and standards relevant to the industry.
- Proficiency in blueprint reading and understanding technical drawings.
- Ability to operate cranes and rigging equipment safely.
- Familiarity with various welding techniques, including FCAW, MIG, TIG, etc.
- Excellent attention to detail and commitment to quality workmanship.
- Strong problem-solving skills and the ability to work independently or as part of a team.

If you are passionate about metal fabrication and possess the necessary skills, we encourage you to apply for this exciting opportunity as a Fabricator/Welder.
