

Centered Around You.

Quality Manager

Let's Build Something Together! – HUI manufacturing is an ISO 13485/9001 certified contract sheet-metal manufacturer headquartered and growing right here in Kiel, WI! We specialize in the design, engineering, fabrication, powder coat, and assembly of products for the industrial and medical carts industry – serving OEM customers across the globe.

Employment with HUI Mfg is centered around you – your life, your schedule, and your future! We are searching for candidates who see the quality in others, lead with a high degree of integrity, and who share our passion for personal and professional growth.

Position Summary: The Quality Manager oversees HUI's quality management system to assure compliance with the ISO 9001:2015, 13485:2016, and FDA standards. This position works closely with HUI customers and suppliers on problem resolution and the implementation of corrective actions. The Quality Manager also works very closely with representatives from each team for internal auditing, inspections, root cause analysis, and corrective action implementation.

Responsibilities:

- Key measures that this position is responsible for:
 - o External PPM
 - o Internal PPM
 - o Supplier PPM
- Championing HUI's Quality Journey and Quality Management System
- Leading the ISO Management Review meeting.
- Assisting customer and 3rd party quality management system auditors as HUI's management representative.
- Establish department policies, control processes and quality programs.
- Leading HUI's audit program
- Looking at trends in defect data and finding opportunities for improvement.
- Assisting in vendor performance evaluation.
- Providing technical support to all aspects of the organization.
- Overseeing the communication of customer specifications.
- Facilitating quality discussions in huddles and info share.
- Provide coaching to quality team and HUI internal personnel as needed.

- Facilitating the use of risk management and problem-solving tools that include but are not limited to PFMEA, A3, & 5why.

Education/Training:

- BS degree in business or engineering preferred.
- Minimum of 5 years' experience
- ISO 9001:2015 Internal Auditor
- ISO 13485: 2016 Lead Auditor

Knowledge/Skills/Abilities:

- Personal qualities of integrity, credibility, and unwavering commitment to growth.
- A proactive, hands on strategic thinker who has proven analytical skills.
- Technology savvy with experience and knowledge of Microsoft Office.
- Strong business acumen and the ability to interact with multiple levels of the organization.
- Understands lean manufacturing concepts and how to apply within a manufacturing environment.
- Experience of working both independently and in a team-oriented, collaborative environment.
- Strong interpersonal and communication skills.
- Ability to effectively prioritize and execute tasks.
- Desire to take risks, be flexible, learn, and grow both personally and professionally.

HUI's Company Benefits are Centered Around You!

- Outstanding, low cost, comprehensive benefit plans
- 401K with Employer Match
- HSA with Employer Match
- Remarkable vacation package
- Tuition/professional certification reimbursement programs
- Competitive salaries
- Onsite fitness center
